# ABOUT US

## THE DIFFERENCE IS IN OUR CARE

Since 1988, Sportex has been committed to providing the highest quality apparel in the industry. With passion, every day we are creating embroidery and screen print designs that stand out and come alive on each and every garment. Each and every decoration is handled with attention to every detail; color, accuracy, presentation, and creativity, because we believe in quality graphic garments that you will want to proudly wear. From day one, our goal is to showcase our quality and creativity throughout our entire apparel line. Providing everything from petroglyphs to modern art, our designs are customizable, encouraging only the best apparel you want and need!

## WHAT MAKES IT CUSTOM?

Choosing the type of shirt or shirt color for your Preprint wants and needs is a given, so we go beyond just slapping a graphic on a shirt and letting you choose the color. Our Preprint designs all have the added feature of what we call “Namedrops”, allowing you to personalize the design to fit where and what you love to represent. These namedrops can come in a font that has already been chosen for the design, or we can give you some options based on what you’d like to see! Many of our designs also feature different colored foils that can be added to the graphic to make them stand out even more than they already do.

For example, pictured above is our Lineart Coyote (DES07339), in its original design, in green foil, and with an “ARIZONA” namedrop. Some designs come with foil already, but most designs can have foil added for some extra flair! Below are the standard single color and specialty color foils available for designs.

Preprint doesn't just stop and start at plain old ink on a t-shirt, we offer a couple different options to make your shirts stand out, quite literally. Many of our designs were created with different kind of foil colors in mind, which help them pop out to the viewer's eye. Along with foils, a few of our designs are done in puffy ink to give your shirt a nice textured feel even without foil.

## Tumbled Tees

### 2000AT - Arizona Tumbled Tees®

SIZES: S - 3XL

Each garment is washed in a pre-treatment solution to prepare for the stone washing process. The garment is then washed with a unique combination of red rock from the canyons of the Southwest. The fusion of rocks extract certain pigments from the garment creating rich sueded colors. The process is completed with a final wash to seal each color blend into the garment. Pre-shrunk 100% cotton, 6.1 ounce t-shirt. (Gildan 2000.) Taped neck and shoulders, double-needle sleeve and bottom hems. Quarter-turned to eliminate center crease. Seamless collar.
